

The Project Delivery Education Program (PDEP) provides a comprehensive overview for anyone who writes, interprets, enforces, or manages construction documents. By understanding the roles, relationships, and responsibilities of all project delivery participants, Construction Document Technologists (CDTs) perform their jobs more effectively while improving communication and expectations with all project team members.

Session Information:

Live, non-recorded, Microsoft Teams meetings. Dates are listed below and the recurring meeting invitation will be sent out once registration closes on August 24.

Session 01: Fundamentals – August 25.
