ABOUT

CSI GREATER LEHIGH VALLEY CHAPTER

www.greaterlehighvalleycsi.com

The mission of CSI is to advance building information management and education of project teams to improve facility performance. CSI chapters across the country do more than provide networking – we provide high-quality education programs and events that help members share real-world solutions and better understand the roles and responsibilities of each member of the construction team.

LETS BUILD CONSTRUCTION CAMP FOR GIRLS

www.letsbuildcamp.com

Celebrating 10 years of Impact

Let's Build Construction Camp for Girls is a FREE, week-long program designed for middle and high school girls to explore the exciting worlds of construction trades, architecture, engineering, and construction manufacturing. Through hands-on projects, field trips, and mentorship, campers discover new skills, gain confidence, and see that *they belong in building the future*.

When you support Let's Build, you're not just sponsoring a camp, you're investing in opportunities, inspiration, and the next generation of leaders in construction and design.

Your contribution directly funds camp expenses, from tools and materials to field trips and lunches, making it possible for every camper to attend at no cost.

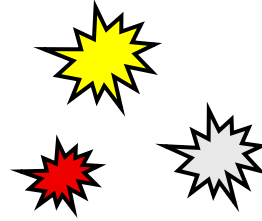

Thank you for choosing to be part of our mission. Together, we can lay the foundation for a stronger, more inclusive future.
